DEFENSE COUNTERINTELLIGENCE AND SECURITY AGENCY

DEFENSE COUNTERINTELLIGENCE AND SECURITY AGENCY MISSION

The Defense Counterintelligence and Security Agency (DCSA) is the largest security agency in the United States federal government dedicated to protecting America's trusted workforce and trusted workspaces. Through vetting, industry engagement, education, and counterintelligence and insider threat support, DCSA secures the trustworthiness of the federal government's workforce, the integrity of its cleared contractor support, and the uncompromised nature of its technologies, services, and supply chains. As the premier provider of integrated security services in the federal government, DCSA supports over 100 federal entities, and oversees 12,500 cleared facilities under the National Industrial Security Program (NISP).

OFFICE OF SMALL BUSINESS PROGRAMS AND INDUSTRY ENGAGEMENTS MISSION

To maximize business participation in support of a whole-of-enterprise approach, DCSA's Office of Small Business Programs & Industry Engagements (OSBP&IE) promotes and fosters acquisition opportunities through outreach, education and procurement forecasting, and provides consistent and transparent agency access in order to grow the defense industrial base.

BUSINESS ADVOCACY THROUGHOUT THE FACILITY CLEARANCE PROCESS

Having a clear understanding of the facility clearance (FCL) process as well as regulations and best practices associated with obtaining and maintaining an FCL is essential to ensuring businesses thrive and our country remains secure. Understanding the FCL process directly impacts a company's ability to work on sensitive government contracts and contribute to our nation's defense. DCSA's OSBP&IE, in collaboration with DCSA's Industrial Security Directorate, provides education, training, and guidance regarding the FCL process. Learn more at: <https://www.DCSA.mil/FCL>

WHAT DCSA BUYS

The five North American Industry Classification System (NAICS) codes most-used by DCSA are:

- 513210 – Software Publishers
- 519290 – Web Search Portals and All Other Information Providers

KEYS TO MARKETING TO DCSA

1. Understand DCSA's mission and how we procure products and services.
2. Specify how your products and/or services match the needs of DCSA's mission, environment, and challenges.
3. Detail the relevance your past performance has with future DCSA requirements.
4. Understand the Department of War's *National Defense Strategy* and *Acquisition Transformation Strategy*, and contextualize how your products and/or services support them in substantive ways.
5. Respond to DCSA Requests for Information (RFIs).
6. Email dcsa.small-business@mail.mil to request a meeting with DCSA OSBP&IE personnel to deliver a capability briefing for your company.
7. Stay connected with the DCSA OSBP&IE Team.
