

NCCS

NISP Contract Classification System

WHAT IS NCCS?

The National Industrial Security Program (NISP) Contract Classification System (NCCS) is the one-stop shop for processing, distribution and collection of DoD contract security classification specifications, also known as the DD Form 254, for contracts requiring access to classified information.

Mandated by the Federal Acquisition Regulation (FAR) 4.402, NCCS is the federal enterprise information system supporting the Department of Defense, other federal agencies under NISP agreement, and cleared industry (nondefense) organizations.

WHO IS NCCS FOR?

Acquisition, security and contract personnel within the federal government and cleared industry organizations with a requirement to perform classified work or access classified material.

NCCS FEATURES

- ✓ End-to-end expedited processing of DD Form 254 and subcontract
- ✓ Centralized repository
- ✓ For federal agencies only:
 - ✓ Ability to upload existing DD Form 254s in PDF format
- ✓ Up-to-date status of DD Form 254 submissions
- ✓ Tailored dashboards
- ✓ Customizable security guidance templates
- ✓ Role-based automated workflows
- ✓ Built-in user guides

WHY USE NCCS?

Ensure compliance. All federal agencies bound by FAR 4.402 and cleared contractors participating in the NISP are required to use NCCS.

Reduce errors. Use the system's guided process to reduce manual errors and help increase accuracy of submitted DD Form 254s.

Facilitate data retrieval. Compile all DD Form 254s associated with your CAGE code in one easy-to-access location.

Save time. Expedite DD Form 254 creation and distribution by using automated workflows.
