

## ***GG-2210-07/09/11/13 VHE Announcement***

### **IC1918 A-E Information Technology Specialist (ENTARCH) GG-2210-07/09/11/13**

Location: Quantico, VA; Stafford VA; Boyers, PA; Fort. Meade, MD; Hanover, MD

Ability to Obtain Clearance: Top Secret with Sensitive Compartmented Information Access (TS/SCI)

Pay Range of GG-07 (\$50,687 - \$72,703)

Pay Range of GG-09 (\$61,999 - \$88,926)

Pay Range of GG-11 (\$75,013 - \$107,590)

Pay Range of GG-13 (\$106,914 - \$153,354)

Open: 5/3/24 through 5/13/24 (or after the first 200 resumes are received)

DCSA's Program Executive Office is looking for non-supervisory Information Technology Specialist (Enterprise Architecture (ENTARCH)).

The Information Technology (IT) Specialist provides support, guidance and expertise in various Information Technology (IT) functions. Performs a variety of duties that involve knowledge of a wide variety of IT applications, environments, and methods. Has the ability to apply IT principles, concepts, methods, and practices for software / application development and troubleshooting IT issues such as cloud infrastructure, database, customer inquiries, and knowledge of cloud security regulations, policies and procedures including zero trust principles. Provides advice and guidance on a wide range of IT issues.

### **IC1918A-E Information Technology (IT) (ENTARCH) (Non-Supervisory)**

Promotion Potential: GG-2210-13

**Summary:** Provide technical guidance and perform analysis and assessment commensurate with grade level of modern, cloud based PEO programs and processes. Perform work involving identification and incorporation of new concepts and ideas for secure cloud architectures in achieving missions and goals, technological trends, and significant advancements in operational and mission analysis. Provide subject matter expertise commensurate with grade level to the PEO designing, developing, and maintaining secure cloud-based enterprise architectures, leveraging the DCSA Artificial Intelligence Platform as a Service (AI PaaS).

**The experience described in your resume will be evaluated and screened against the following Specialized Experience:**

#### **Specialized Experience GG-07:**

- Basic knowledge of Business Architecture and/or Enterprise Architecture of networks, information systems, and cyber security computer science disciplines.
- Knowledge of, and skill in applying a basic understanding of the Federal Law, policy, and precedents that pertain to routine information processes of architecture, acquisition and governance of IM/IT systems and information requirement studies and models.
- Knowledge of uncomplicated IT theories, principles, concepts, methods, standards, and practices.
- Knowledge of IM/IT to relate the routine technical ramifications of the hardware (equipment), virtual infrastructure (cloud resources), software (commercial of the shelf

## ***GG-2210-07/09/11/13 VHE Announcement***

(COTS), executive, and applications), data and procedures (management processes) to one another to evaluate systems to EA requirements.

### **Specialized Experience GG-09:**

- Knowledge related to information management/information technology (IM/IT) system and program performance measurement and monitoring, corporate communications, and Agile Project/Program Management Methodologies.
- General knowledge of Business Architecture and/or Enterprise Architecture of networks, information systems, and cyber security computer science disciplines to research, evaluate, formulate, and the exchange of concepts, principles, methods, and practices.
- Knowledge of information management systems development life cycle, such as, system requirements, design, test, and implementation.
- Knowledge of, and skill in applying, routine IT theories, principles, concepts, methods, standards, and practices to advise on integrating IT programs with other programs of equivalent scope and/or complexity.
- Knowledge of, and skill in applying a basic understanding of the Federal Law, policy, and precedents that pertain to routine information processes of architecture, acquisition and governance of IM/IT systems and information requirement studies and models.

### **Specialized Experience GG-11:**

- Knowledge of DCSA's enterprise information security architecture system.
- Knowledge of the Agile methodology of project management principles, processes, procedures, planning, and activity development using the SCRUM process.
- Skill in applying technical knowledge of IM/IT to relate the routine technical ramifications of the hardware (equipment), virtual infrastructure (cloud resources), software (commercial of the shelf (COTS), executive, and applications), data and procedures (management processes) to one another in to evaluate systems to EA requirements.
- Ability to assess systems typical design processes, integrating system analysis, software development, database administration, and product release management.
- Knowledge of architecture and design within the AWS Elastic Cloud Compute environment, including network design.

### **Specialized Experience GG-13:**

- Subject matter functional knowledge related to information management/information technology (IM/IT) policy development and implementation, system and program performance measurement and monitoring, corporate communications, and Agile Project/Program Management Methodologies.
- Strong knowledge of Business Architecture and/or Enterprise Architecture of networks, information systems, and cyber security computer science disciplines to research, evaluate, formulate, and promote the generation and exchange of new theories, concepts, principles, methods, and practices in order to extend the existing parameters of computer engineering.
- In-depth knowledge of IT architecture requirements and standards to help manage the life cycle of program and projects within areas of responsibility, to include cloud-based architecture.
- Knowledge of, and skill in applying, advanced IT theories, principles, concepts, methods, standards, and practices to serve as a consultant to management officials to advise on integrating IT programs with other programs of equivalent scope and/or complexity.

## ***GG-2210-07/09/11/13 VHE Announcement***

- Comprehensive knowledge of and ability work as part of the Agile methodology of project management principles, processes, procedures, planning, and activity development using the SCRUM process.

In addition to the specialized experience listed above, all individuals must also have IT-related experience demonstrating each of the competencies listed below.

1. **Technical Competence:** Cybersecurity; Information Resource Management; Information Technology Test and Evaluation
2. **Attention to Detail:** Is thorough when performing work and conscientious about attending to detail.
3. **Customer Service:** Works with clients and customer (that is, any individuals who use or receive the services or products that your work unit produces, including the general public, individuals who work in the agency, other agencies, or organization outside of the Government) to assess their needs, provide information or assistance, resolve their problems, or satisfy their expectations, knows about available products and services; is committed to providing quality products and services.
4. **Oral Communication:** Expresses information (for example, ideas or facts) to individuals or groups effectively taking into account the audience and nature of the information (for example; technical, sensitive, controversial); makes clear and convincing oral presentations; listens to others, attends to nonverbal cues and responds appropriately.
5. **Problem Solving:** Identifies problems; determines accuracy and relevance of information; uses sound judgment to generate and evaluate alternatives, and to make recommendations.

### **Conditions of Employment:**

- The duties of this position may require temporary duty travel (TDY) and/or local travel.
- Incumbent may be required to possess or achieve technical certifications to perform position functions effectively.
- Depending on specialty, the incumbent may be required to obtain and maintain one or more appropriate Information Technology/Security certifications. The incumbent must sign a Statement of Understanding regarding the certification requirement and maintaining the appropriate certification as a condition of employment.
  - In accordance with DoDD 8140.01/DoDI 8140.02, the position compliance requirement details are outlined in the Defense Cyber Workforce Annex. Any Information Technology/ Security certifications / education specified in the DCWF Annex as defined by DoD 8570.01-M/DoD 8140-M **within six months of appointment date**. The incumbent must sign a Statement of Understanding regarding the certification requirements and maintaining the appropriate certification is a condition of employment.

### **Additional Conditions of Employment**

- Must be a US citizen
- Selective Service Requirement: Males born after 12-31-59 must be registered for Selective Service. For more information <http://www.sss.gov>
- This is a Drug Testing designated position
- Position is a (DCIPS) position in the Excepted Service under U.S.C. 1601
- Work Schedule: Full Time
- Overtime: Occasionally

## ***GG-2210-07/09/11/13 VHE Announcement***

- Tour of Duty: Flexible
- Relocation or PCS (Permanent Change of Station): May Be Authorized
- Fair Labor Standards Act (FLSA): Exempt
- Temporary Duty (TDY) Travel: Occasional
- Telework Eligibility: This position is telework eligible, but is not a full time telework position; the incumbent will be required to report to the office on a routine basis
- Ability to obtain and maintain a Top-Secret Clearance with Sensitive Compartmented Information Access (TS/SCI)
- Re-employed Annuitant: This position does not meet criteria for re-employed annuitant

### **How to Apply:**

Only those selected for an interview will be invited to attend this event. To be considered for an interview, you must be one of the first 200 applicants to submit their resume and send to: **dcsa.recruiting1@mail.mil**. In the subject line, only include **Information Technology Specialist (ENTARCH) GG-2210-07 or GG-2210-09 or GG-2210-11 or GG-2210-13 AND Duty Location**. All current and former Federal employees **MUST** submit a copy of their latest SF50 (Notification of Personnel Action). Please note that this mailbox is specifically designated for this virtual hiring event announcement. Please do not forward any additional information or submit inquiries to this mailbox after 11:59pm EST, 5/14/24. Any submissions received after 11:59pm EST, 5/14/24 will not be accepted or when the applicant count reaches 200.

***The Defense Counterintelligence and Security Agency (DCSA) is holding interviews between June 10 and June 14. Interview selectees need to be available to attend virtually by phone.***
