What we will cover

General Guidelines

Violation of NISPOM,
ITAR or Directives

DGR
Role

Appointed as a Contractor DGR

- Nominated by your facility
- Trained by DCSA Field Office personnel
- Designated by DCSA Field Office Chief
- All CTR-DGR documents will be reviewed during SVA's
- DGR refresher training will be conducted during annual SVA's

Negligent or Willful Violation of NISPOM or ITAR

International Transfers

- Formal transfer of classified material from one government to another
- Accomplished by Designated Government Representatives (DGRs)

Exports to Foreign Governments

**DEFENSE
COUNTERINTELLIGENCE
AND SECURITY AGENCY**

Prior to authorizing classified exports ensure:

All arrangements and procedures, such as:

- Transportation Plans (TP)
- Hand Carriage (HC) Requests, and/or
- Secure Communications Plans (SCP)

are coordinated and have been approved by both, DCSA and the Foreign Gov't

Reference: NISPOM 10-401b

The DCSA Field Office (FO) has the original DSP-85 or other appropriate export authorization

All Applicable NISPOM and ITAR provisions are met

- Review Provisos on DSP-85 or DSP-5

A file for each export and import, including the required empowered official certification, are created and maintained for future review

Contractor DGR Role – Exports to Foreign Gov't

Certification (NISPOM 10-407c)

Obtain written certification from the dispatching contractor's, Empowered Official, verifying the classified export is within the limitations of the approved export authorization or an authorized export exemption

Visual Inspection

- Detailed review of material and quantities
- Visually inspect all serial numbers (s/n) within documentation
 - When applicable, ensure serial number(s) match the serial number on the hardware

Contractor DGR Role – Exports to Foreign Gov't

Packaging and Marking

The material must be packaged, marked, and prepared in accordance with NISPOM Ch. 5, section 4 & 10-407. The inner wrapping must be marked with the material's classification

Labeling

Both the inner and outer wrapping will reflect the addresses of the dispatching and receiving facility's security office

Never authorize the export of a package without viewing the contents!!

Contractor DGR Role – Exports to Foreign Gov't

Receipts and Suspense

Contractor DGR will receipt the classified material to the U.S. DGR person

- ❖ The U.S. DGR will receipt the material to the Foreign Gov't DGR

Contractor DGR *receipt* will be included in the shipment, requesting a return receipt – suspended no later than 30 days from the date of dispatch

AF Form 310 Document, receipt certificate is acceptable

There must be a continuous chain of receipts, to record international transfers of all classified material, from the facility through the U.S. DGR to the recipient DGR

Follow-up action by DCSA must be requested, if the signed receipt is not returned within 45 days

Reference: NISPOM 10-406

Contractor DGR Role – Exports to Foreign Gov't

Contractor DGR Duties

Contractor will notify their local DCSA FO, *in writing*, after each classified authorization; providing the following information:

- Identification of the classified item
- The number of units, specifying, *shipped/received*
- Applicable import/export authorization number
- Dollar value of unit(s) shipped
- Port of embarkation

Notification Frequency

High volumes of exports, may warrant the need to report authorizations less frequently – your DCSA IS Rep will determine a timeframe, not to exceed 1-month

- Notification, typically, should take place on the day of shipment

Contractor DGR Role – Exports to Foreign Gov't

Endorsing and Decrementing of the DSP-85

The final page of the DSP-85, within the *endorsement* section, the DGR will indicate which item on the face of the license is being exported, and maintain a continuing balance of the remaining value

- The DGR will notify their DCSA IS-Rep after each export or at a predetermined interval, and supply the necessary data for decrement
- The IS-Rep will decrement the original export license(s)
 - CTR DGRs **do not** decrement

RETURN OF LICENSE						
This license must be returned to PM/DDTC, SA-1, 12th Floor, Directorate of Defense Trade Controls, Bureau of Political-Military Affairs, U.S. Department of State, Washington, DC 20522-0112, when: (1) the total value authorized has been shipped; (2) the applicant states that there will be no further shipments; (3) the date of expiration is reached; or (4) when requested by the Directorate of Defense Trade Controls.						
ENDORSEMENT						
Indicate below which <i>ITEM</i> on the face of the license is <i>BEING EXPORTED</i> and maintain a <i>CONTINUING BALANCE</i> of the remaining value:						
Shipment Date (mm-dd-yyyy)	Quantity	Commodity (including classification)	Shipment Value	SED No. [*]	Initials	Port of Exit/Entry
Total Authorized Value:						
				Remaining Balance		
NOTE: Continuation of additional shipments must be authenticated by use of continuation sheets in the <i>U.S. Customs Handbook</i> . (In the case of classified shipments, the Defense Security Service (DSS) is the endorsing agency for shipments.)						

Contractor DGR Role – Exports to Foreign Gov't
