

INDUSTRIAL SECURITY

LETTER

Industrial Security letters are issued periodically to inform cleared Contractors, Government Contracting Activities (GCAs) and DoD Activities of developments relating to industrial security. The contents of these letters are for information and clarification of existing policy and requirements. Suggestions for Industrial Security Letters are appreciated and should be submitted to the local Defense Security Service cognizant industrial security office. Articles and ideas contributed will become the property of DSS. Inquiries concerning specific information in Industrial Security Letters should be addressed to the cognizant DSS industrial security office.

The National Industrial Security Program Operating Manual (NISPOM) paragraph to which this article pertains is indicated in parentheses.

Agency Agreements (NISPOM 1-103.b.)

Executive Order 12829 (January 6, 1993, as amended), “National Industrial Security Program” (NISP), states that the heads of Federal agencies shall enter into agreements with the Secretary of Defense that establish the terms of the Secretary’s NISP responsibilities on behalf of those agency heads. NISPOM paragraph 1-103.b. lists the non-Department of Defense (DoD) agencies that have agreements for industrial security services with DoD.

The list is now amended to include the U.S. Department of Housing and Urban Development (HUD), which entered into an agreement with the Department of Defense on April 22, 2014. This addition makes HUD the 27th non-DoD agency* for which DoD will provide industrial security services.

* ISL 2013-04, June 10, 2013, announced that the Department of Defense and the Overseas Private Investment Corporation (OPIC) entered into an agreement that made OPIC the 26th non-DoD agency.
