INDUSTRIAL SECURITY
LETTER

Industrial Security Letters (ISLs) are issued periodically to inform cleared contractors, government contracting activities and DoD activities of developments relating to industrial security. These letters are for information and clarification of existing policy and requirements. Please send any suggestions for ISLs to DSS. Articles and ideas contributed will become the property of DSS. Address inquiries about specific information in ISLs to your cognizant DSS industrial security office.

ISL 2017-01

October 24, 2017

The National Industrial Security Operating Manual (NISPOM) paragraph to which this article pertains is indicated in parenthesis.

Agency Agreements (NISPOM 1-103.b.)

Executive Order 12829, "National Industrial Security Program " (NISP), January 6, 1993 (as amended), states that the heads of Federal agencies shall enter into agreements with the Secretary of Defense that establish the terms of the Secretary's NISP responsibilities on behalf of those agency heads. NISPOM paragraph 1-103.b. lists the non-Department of Defense (non-DoD) agencies that have agreements for industrial security services with DoD.

The list is now amended to include the Privacy and Civil Liberties Oversight Board (PCLOB), which entered into an agreement with the Department of Defense on October 24, 2017. The addition makes the PCLOB the 32nd non-DoD agency* for which the Department will provide industrial security services.

*ISL 2016-01 announced that the Department of Defense and the United States Postal Service entered into an agreement that made USPS the 31st non-DoD agency.
