

Installing the JITC CA and Root CA Test certificates into IE browser:

For the "DoD JITC CA-27" certificate

1. Go to Tools>Internet Options>Content tab
2. Select Certificates button
3. Select "Intermediate Certification Authorities" tab
4. Scroll down to find "DoD JITC CA-27" certificate

For the "DoD JITC Root CA 2" certificate

1. Go to Tools>Internet Options>Content tab
2. Select Certificates button
3. Select "Trusted Root Certification Authorities" tab
4. Scroll down to find "DoD JITC Root CA 2" certificate

If either one or both are not installed, install per the instructions below:

1. Go to Tools>Internet Options>Content tab
2. Select Certificates button
3. Click Import button
4. Click Next button,
5. Click Browse button (go to location you stored the certificates)
6. Next to "File name:" at the bottom, click drop down box and change file type to "All Files (*.*)"
7. Select DoD_JITC_CA-27.txt
8. Click Open
9. Click Next
10. Select "Automatically select the certificate store based on the type of certificate"
11. Click Next
12. Click Finish, Click Ok
13. Verify the certificates are in the proper location per instructions above.

Repeat all steps again for the "DoD JITC Root CA 2" certificate. At step 10 follow these instructions:

10. Select "Place all certificates in the following store"
11. Click Browse button
12. Select "Trusted Certification Authorities"
13. Click Ok
14. Click Next
15. Click Finish, Click Ok

File name to use at step 7: DoD_JITC_Root_CA_2.txt
