GENERAL DESCRIPTION

PORTAL URL AND LOGIN

The DCSA Data Portal is hosted on Intelink. Any user with a CAC Card can access the portal. Detailed instructions on accessing Intelink are provided in sections below

Link to Data Portal: https://intelshare.intelink.gov/sites/DDRS/SitePages/index.html

PORTAL DESCRIPTION

The DCSA Data Portal, hosted on Intelink, will support DCSA, NBIS, and Mission Partners for Data Requests, Data Acquisition, and Data Standardization. Any user with a CAC Card can access the portal to make a data request from DCSA.

MAIN PAGE

Once a user is logged in and has navigated to link above the user will see the below splash page.

DISS REQUEST

To make a DISS Request the user must select the second tab above "Request Data Already in NBIS" and they will be navigated to the request form. Once at the form the user will complete all information and hit submit.

Left click on "OK" within the "Windows Security (window)"

The Intelink site will then direct you to the main DCSA Data Request System Site

CREATION OF USER / SITE SPECIFIC REQUESTS

Users may request user specific needs from the DCSA Data Acquisition Portal team and we will add the requests to our backlog and prioritize them based on government direction. Currently there are common pages and pages designed specifically for the requesters of data. Other users can submit requirements and requests to the portal team through dcsa@rbr-technologies.com for inclusion into our portal development backlog and sprint schedule.
