

## How to View eLearning Videos

### Microsoft Edge –

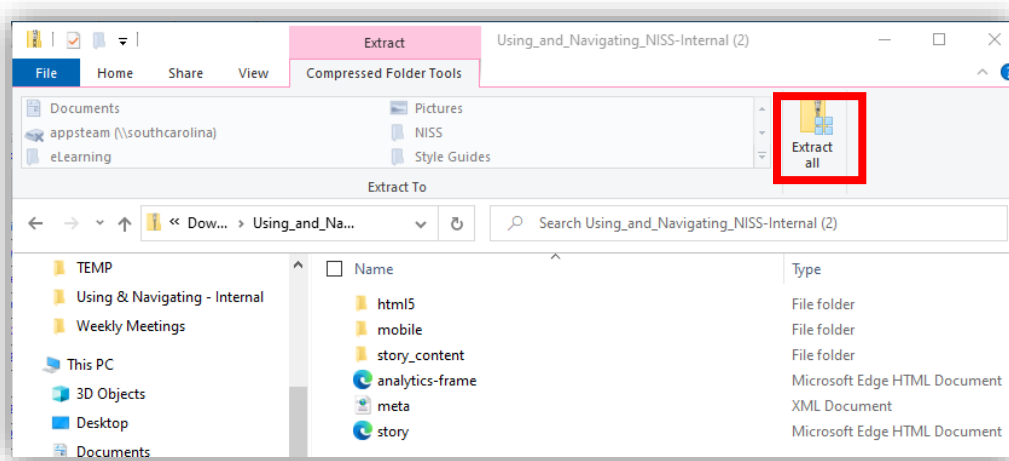

1. After clicking on the link, you will see the options to “**Open** or “**Save as.**”
  - a. Click “**Save as**” if you want to choose a folder to save to, or
  - b. Click the dropdown (**V**) icon and click on “**Save**” to save the file to your “Downloads” folder.

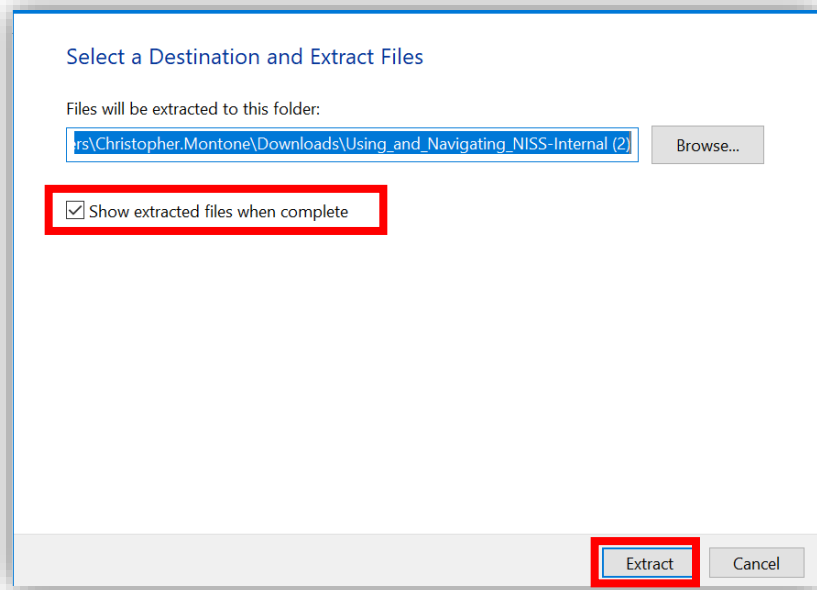

3. When the file is finished downloading, click the “**Open file**” link just below the file name.

4. A File Explorer window will open showing you the component files of the .zip file you just saved.
5. Click on the **yellow folder icon** at the top right that says “**Extract all**” to extract the contents of the .zip file.

6. You will be prompted to select a destination to save the extracted zip file's contents to. Please keep the prepopulated path information.
  - a. Be sure the **"Show extracted files when complete"** is checked.
  - b. Click the **"Extract"** button at the bottom.

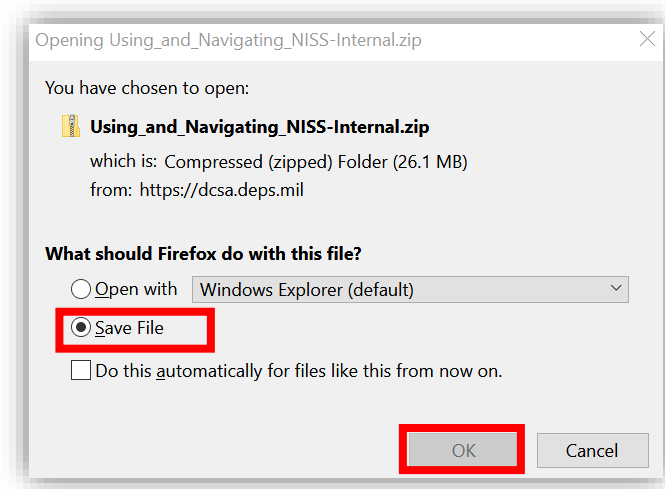

7. A new File Explorer window will appear once extraction is complete showing the extracted files.
8. Double-click on the file named **"Story.html"** to launch the eLearning course.
