* United States Code Title 15, Section 637(a) (12) (C), requires the Defense Counterintelligence and Security Agency to prepare and make publicly available a forecast of expected contract opportunities or classes of opportunities for the next and succeeding fiscal years. This LRAF is comprised of information regarding anticipated acquisitions that are forecasted for the upcoming and future fiscal years. This forecast is based on the best information available and could be subject to change. This information is in no way binding on the Government. Specific information relating to any individual item or class of items will not be furnished until the proposed acquisition is synopsisized through the GPE or the solicitation is issued. The forecast is for informational, marketing and planning purposes only. It does not constitute a specific offer or commitment by Defense Security Service to fund, in whole or in part, the opportunities or classes of opportunities referenced herein. The Government may or may not release a solicitation for these efforts.

**Previous Acquisition Strategy shall not be construed as the determined acquisition strategy for any re-compete effort.
