FOR IMMEDIATE RELEASE

DCSA ANNOUNCES 2022 COGSWELL AWARD WINNERS

JUNE 22, 2022

QUANTICO, Va. – The Defense Counterintelligence and Security Agency (DCSA) is pleased to announce the winners of the 2022 James S. Cogswell Outstanding Industrial Security Achievement Award. Twenty-six facilities were selected for the award, and the winners were announced at the annual NCMS training seminar on June 22, 2022.

These 26 facilities were chosen from approximately 12,500 cleared facilities. The award criterion focuses on principles of industrial security excellence. Factors include establishing and maintaining a security program that far exceeds the basic National Industrial Security Program requirements; and providing leadership to other cleared facilities in establishing best practices while maintaining the highest standards for security.

The Cogswell Award selection process is rigorous. A DCSA Industrial Security Representative may only nominate facilities that have at a minimum two consecutive superior industrial security review ratings and which show a sustained degree of excellence and innovation in their overall security program management, implementation and oversight. DCSA makes the final selections.

The award was established in 1966 in honor of the late Air Force Col. James S. Cogswell, the first chief of industrial security within the Department of Defense. Cogswell was responsible for developing the basic principles of the Industrial Security Program, which includes an emphasis on the partnership between industry and government to protect classified information. This partnership ultimately ensures the greatest protection for the U.S. warfighter and our Nation's classified information.

Congratulations to the 2022 Cogswell Award winners!

###

ABOUT THE DEFENSE COUNTERINTELLIGENCE AND SECURITY AGENCY

The Defense Counterintelligence and Security Agency is an agency of the Department of Defense that provides the military services, defense agencies, 35 federal agencies, and more than 12,500 cleared contractor facilities with security support services. The Under Secretary of Defense for Intelligence and Security provides authority, direction, and control over DCSA.
